PROFESSIONAL SUMMARY

IT support student with nearly two years of hands-on technical support in a high-volume retail environment, now seeking a first service desk position. At Ozb Group (RMA), resolved device and product technical faults daily for customers, trained new team members on technical processes, and maintained compliance with return documentation under peak-period pressure. Currently completing a Bachelor of Cybersecurity at Melbourne Institute of Technology (expected July 2026). Ready to bring that retail troubleshooting background and growing technical foundation directly to Premier Retail's Service Desk team.

CORE COMPETENCIES

Technical Troubleshooting

Device & Hardware Triage

Retail IT Support

High-Volume Customer Queries

Technical Documentation

Staff Training & Onboarding

Issue Escalation

Rotating Shift Adaptability

Cybersecurity Fundamentals

Process Compliance

WORK EXPERIENCE

Ozb Group (RMA) Jun 2023 - Apr 2025

Technical Support Associate

Cheltenham, Melbourne

- Resolved device faults and technical queries for high volumes of retail customers daily, diagnosing hardware issues and guiding customers through troubleshooting steps in-person and by phone
- Processed product returns and RMA cases with full compliance to policy documentation - accurately recording each case and escalating edge cases to supervisors with complete context
- Trained new team members on technical triage procedures, escalation steps, and customer service standards - new hires reached independent case-handling within the first week
- Maintained structured records of returns and fault dispositions, ensuring accurate reporting and zero documentation disputes

Carter Lovett Sep 2024 - Present

Kitchen Assistant

Elsternwick, Melbourne

- Maintained food preparation standards and kitchen compliance under high-service-volume conditions
- Collaborated with front-of-house to coordinate service flow during peak periods

TradeFlex Jul 2023 - Present

Office Cleaner

Melbourne

- Maintained workplace standards and health & safety compliance across commercial premises
