PROFESSIONAL SUMMARY

Customer-focused IT support professional with two years of hands-on technical support experience, currently completing a Bachelor of Cybersecurity at Melbourne Institute of Technology. Skilled in first-point-of-contact case management, end-to-end ticket ownership, SLA-driven resolution, and communicating technical solutions clearly to non-technical users. Holds full working rights in Australia on a Partner Visa with no requirement for employer sponsorship. Available to commence immediately.

CORE COMPETENCIES

- First-Point-of-Contact Support
- Case Management & Ticket Ownership
- SLA Adherence & Escalation
- Customer Communication (Phone & Written)
- Technical Troubleshooting
- Knowledge Base Documentation
- Windows 10/11 & Microsoft 365
- Incident & Service Request Management
- Cybersecurity Fundamentals
- Staff Training & Onboarding

EXPERIENCE

Ozb Group (RMA) June 2023 – April 2025

Technical Support Associate — Cheltenham, VIC

- Acted as first point of contact for technical support via phone and in person, logging, prioritising and resolving hardware, software, and connectivity cases
- Owned support cases end-to-end — from first contact through troubleshooting, escalation, and confirmed resolution — maintaining accurate case notes throughout
- Communicated technical information clearly to non-technical customers, ensuring they understood the resolution and felt supported at every step
- Escalated complex issues with full context and documentation, keeping customers informed while awaiting outcome
- Identified recurring issues and contributed to process improvements that reduced repeat contacts
- Trained and onboarded new staff on support systems, workflows, and customer service best practices

TradeFlex July 2023 – Present

Office Cleaner — Melbourne, VIC

- Maintained office environments to health and safety standards, demonstrating consistent reliability and self-management over 2+ years

Carter Lovett / La Valle September 2024 – Present

Customer Service Roles — Melbourne, VIC

- Delivered professional customer service in fast-paced environments, managing competing priorities and resolving issues with empathy under pressure

EDUCATION

Bachelor of Cybersecurity — Melbourne Institute of Technology June 2023 – July 2026 (expected)

Networking, security fundamentals, incident response, risk management, system documentation and process improvement
