## PROFESSIONAL SUMMARY

Motivated IT graduate completing a Bachelor of Cybersecurity at Melbourne Institute of Technology (graduating July 2026), with two years of customer-facing technical support experience. Proven ability to troubleshoot hardware and software issues, manage support cases end-to-end, and communicate clearly with non-technical users. Eager to grow into a Level 1 MSP engineering role within a Microsoft-focused environment, with a strong drive to achieve Microsoft certifications and build a long-term IT career.

## CORE COMPETENCIES

Level 1 Technical Support

Windows 10/11 & Windows Server

Microsoft 365 / Office Suite

Active Directory Basics

Network Troubleshooting

Remote & Phone Support

Ticket Logging & Case Management

Hardware Troubleshooting

Staff Training & Onboarding

Cybersecurity Fundamentals

## EXPERIENCE

**Ozb Group (RMA)** June 2023 - April 2025

**Technical Support Associate — Cheltenham, VIC**

- Delivered Level 1 technical support via phone and in person, diagnosing and resolving hardware, software and connectivity issues for customers
- Managed support cases end-to-end - logging, tracking, escalating and closing tickets in line with service processes
- Troubleshoot Windows-based systems, peripheral devices and software applications across a diverse customer base
- Trained and onboarded new staff on technical processes and customer service best practices
- Identified recurring issues and worked with the team to build better processes and reduce repeat contacts
- Maintained accurate case documentation and ensured all actions were recorded for accountability

**TradeFlex** July 2023 - Present

**Office Cleaner — Melbourne, VIC**

- Maintained office environments to health and safety compliance standards over a 2+ year period, demonstrating consistent reliability and self-management

**Carter Lovett / La Valle** September 2024 - Present

**Customer Service Roles — Melbourne, VIC**

- Delivered high-quality customer service in fast-paced environments, building rapport and managing competing priorities under pressure

## EDUCATION

**Bachelor of Cybersecurity — Melbourne Institute of Technology** June 2023 - July 2026 (expected)

Networking, Windows Server, Active Directory concepts, security fundamentals, incident response, Microsoft cloud environments
