PROFESSIONAL SUMMARY

Motivated IT support professional completing a Bachelor of Cybersecurity at Melbourne Institute of Technology (graduating July 2026), with two years of hands-on technical support experience. Proven ability to troubleshoot hardware and software issues, manage support cases end-to-end, and communicate clearly with non-technical users. Eager to grow in a cyber-first MSP environment, pursue Microsoft and CompTIA certifications, and bring a security-conscious mindset to every client interaction.

Ticket Logging & Case Management

Remote & Phone Support

Issue Escalation & SLA Adherence

Active Directory (Fundamentals)

Networking Fundamentals

Cybersecurity Fundamentals

Staff Training & Onboarding

EXPERIENCE

Ozb Group (RMA) June 2023 – April 2025

Technical Support Associate — Cheltenham, VIC

- Delivered Level 1 technical support via phone and in person, diagnosing and resolving hardware, software, and connectivity issues for a diverse customer base
- Managed support cases end-to-end — logging, tracking, escalating and closing tickets in line with SLA requirements and service processes
- Translated complex technical information into clear, accessible language for non-technical users, maintaining a calm and client-focused manner under pressure
- Troubleshoot Windows-based systems, peripheral devices, and software applications, applying structured root-cause analysis to resolve issues efficiently
- Trained and onboarded new staff on technical systems, workflows, and service standards, fostering a collaborative team environment
- Identified recurring issues and worked with the team to improve processes and reduce repeat contacts

TradeFlex July 2023 – Present

Office Cleaner — Melbourne, VIC

- Maintained office environments to health and safety standards over a 2+ year period, demonstrating consistent reliability and self-management

Carter Lovett / La Valle September 2024 – Present

Customer Service Roles — Melbourne, VIC

- Delivered professional customer service in fast-paced team environments, managing competing priorities and maintaining composure under pressure

EDUCATION

Bachelor of Cybersecurity — Melbourne Institute of Technology June 2023 – July 2026 (expected)

Networking, Windows systems, Active Directory concepts, security fundamentals, incident response, risk management — Planning to pursue MS-900 and CompTIA A+ post-graduation
